

2007 White Hawk Vineyard Syrah

93 Points

Think Tank 2007 White Hawk Vineyard Syrah (Santa Barbara County) \$45

“A gorgeous Syrah, sumptuous and seductive, with a texture of sheer silk and satin. Beyond that, the flavors are rich and complex, offering satisfying waves of blackberries, blueberries, raspberries, cassis, milk chocolate, anise, pepper and toast. Really fine, with a good backbone of tannins. Now—2011. —S.H.”

Dec. 31 2009

Think Tank® Wine Company is dedicated to creating world-class wines from select single-vineyard locations; wines that display both true varietal characteristics and promote environmental responsibility. From organic vineyards to low impact production to bottling with eco-friendly materials, Think Tank uses sustainable sources. Founded in 2007 by home winemaker and marketing professional, Michael Giarraputo, the company was born of the idea that great wines should serve as a steward of our environment, not take from it.
